News on Production Schedule for Quarterly

The Society has completed our 2010 issues. We are currently working on two large single 2011 and 2012 issues. We are in the final stages of editing the 2011 issue. We hope to have it submitted to the printer by the end of July 2013. The 2012 issue will take about a month longer due to indexing and final edits.

This will allow us to get the spring 2013 out after compiling the 2012 index. We are very excited to have the production schedule get back on schedule.

We would like to thank you for your patience. These upcoming issues have great content that we were able to group into themes. We would like to thank you for your continued patience.
